

WK 20

Heat exchanger for closed water circuits

Made in
Berlin

Technical Data

Connections:	2 x 1/2"
Capacity:	20 l
Weight:	55 kg
Pump specifications:	2 - 5 bar
	10 l / min
Inlet temperature:	15 - 25 °C
Power supply:	230 V / 4 A

Features

Digital temperature display
Water level indicator
Copper cooling coil
Optional bypass valve for noise reduction
Optional solenoid valve with automatic shut-off for the water inlet
